

M.T.H. Mega-Stations

On-line access to the network of M.T.H. Authorized Retailers and "tools" on the M.T.H. website (www.mth-railking.com), such as the M.T.H. Product Locator, have helped many train enthusiasts locate nearby retailers, service centers or even a particular desired product for years.

Now, M.T.H.'s new on-line "Dealer Availability" finder allows customers interested in a newly announced product to find a retailer with the item(s) on order.

In addition, M.T.H. is expanding these services with two ALL NEW programs that will provide consumers with access to retailers who provide a superior environment for showcasing and demonstrating M.T.H. products and cutting edge technology:

1. At M.T.H. Authorized DCS Demo Centers, you can now expect to see DCS and Proto-Sound 2.0 equipped locomotives in action, find DCS in stock and learn more about this exciting command control system from experienced DCS staff members.

2. M.T.H. Authorized Mega Station Retailers are your best bet for finding the widest selection of M.T.H. products in stock when you want them. Like a DCS Demo Center, your local Mega Station retailer has DCS in stock and the know-how to get you up and running in no time.

You will find a list of DCS Demo Centers and Mega Stations on the M.T.H. website. In addition, anytime you do a search for a local retailer or a product using the Dealer and Product Locator search tools, M.T.H. Authorized Retailers who meet the DCS Demo Center and Mega Station requirements will be identified with the appropriate icons.

Even if your local retailer hasn't yet qualified for either of these new programs, any M.T.H. Authorized Retailer has the ability to determine what is in stock and can place an order for merchandise 24 hours per day. Look for any of the M.T.H. Authorized Retailer symbols (left) the next time you visit a toy train store and see the "Fun in Action!"
