In the twenty years that M.T.H. has been on the model railroading scene, we have reinvigorated the industry by providing a level of value and quality unmatched by our competitors. Now you can get the inside story on the history of Mike Wolf and the company he founded. The forthcoming 350+ page hardcover M.T.H. History Book beautifully captures the essence and story of M.T.H. Electric Trains through the easy-reading narrative of an M.T.H. aficionado. Also featuring almost 1900 full-color photos, the book contains a complete history of our product line through the 2000 volume 2 catalog, making it the most complete history to-date of M.T.H. products. It is an invaluable resource for any M.T.H. fan.

The first M.T.H. layout video features the best of M.T.H. in action on sensational layouts plus useful tips on layout building. Included are the spectacular 70 x 45 foot high-rail layout of Tony Lash and the M.T.H. Showroom display. Also featured is an interview with Mike Wolf and a two-level, scale-detailed layout custom built under the direction of internationally known designer Richard Johnson. Be prepared to be amazed.

60 minutes. $19.95

Produced by TM Books and Video, creators of the popular I Love Toy Trains video series.

Santa Fe F-3 A Unit
Item No. 30-2137
$59.95

This unpainted Santa Fe F-3 Unit is part of the perfect complement for any Santa Fe F-3 Super Chief sets.
RailTown™ Buildings

Half the fun of model railroading is building a layout, and with RailKing® RailTown™ buildings, layout expansion is just a few steps away. MTH offers a wide variety of RailTown buildings, to help you create whatever kind of atmosphere you want: rural or urban, nostalgic or modern. Operating buildings move your layout’s activity beyond the trains, adding fun and excitement to the whole pike. RailTown buildings are a perfect addition on any O Gauge layout, as each is sized for use with all O Gauge locomotives and rolling stock.

Features
- Completely Pre-Assembled
- Fully Decorated
- Easy-to-Wire Interior Lights
- Colorfully painted

Wiring Buildings and Accessories
It is easy to wire multiple RailTown buildings and MTH accessories in parallel so they are controlled by a single power source and save unnecessary wiring. To do this sequential wiring, simply run lead wires from the transformer posts and hook the red and black wires on your accessories and lights into the appropriate wire. Run long lead wires when you build your layout, giving yourself plenty of room to add and easily connect accessories over the years.
Can be operated individually or paired to make a full-service operating yard accessory.

The roof of the storage tank lowers and raises to indicate that it has been emptied and refilled.

The attendant is lowered to the top of a waiting tank car (sold separately) where he puts the hose fittings on the dome. After a pause to fill the tank, he and the hose are lifted out of the way so the car can move on.

More lights and accessories return to our Tinplate Traditions® lineup in full color and durable metal construction. Each full-sized lamp and trackside accessory features stamped metal or die-cast construction. There are no plastic bases and poles in any of these accessories. They are the perfect way to bring charm and nostalgia to your tinplate layout.
Even if you are working in a small space, M.T.H. has plenty of products that let you build a realistic, action-packed layout. Find all the items filling this 4x8 layout in our catalog.

LIMITED ONE-YEAR WARRANTY

All M.T.H. products purchased from an Authorized M.T.H. Train Merchant are covered by this warranty. See our Website at www.mth-railking.com or call 1-888-640-3700 to identify an Authorized M.T.H. Train Merchant near you.

All products are warranted for one year from the date of purchase against defects in material or workmanship, excluding light bulbs and tires. This does not apply to any service or repairs required due to normal wear and tear such as fading bodies, and it does not extend to any products returned to M.T.H. Electric Trains, Inc. after one year of being out of service or storage. This warranty does not cover damage caused by improper care, cleaning, or use. Transportation costs incurred in the return of the product are the responsibility of the owner. This warranty does not extend to any service or repairs required due to improper care, cleaning, or use.

Items sent for repair must be accompanied by a return authorization number, a description of the problem, and a copy of the original sales receipt from an Authorized M.T.H. Train Merchant, which gives the date of purchase. Call 410-381-2580, fax 410-423-0009, or e-mail the Service Department at service@mth-railking.com to obtain a return authorization number.

This warranty gives you specific legal rights, and you may have other rights that vary from state to state.
